## Empowering Farmers

As India gains industrial progress with changing times, Agricultural growth demands modern methods and technology. However, farmers face market uncertainties and unpredictable weather conditions. To enrich Indian farmers, Agrovision a **4-day event**, has been dedicated to **educate, encourage** and **empower** lakhs of farmers in central India for the past **14 years**, giving innovators a platform to display their products, meet agri-experts and discover business opportunities. Agrovision 2024 tackles the numerous farming challenges by exploring 3 key factors that will empower them: **Technology, Training & Trade.**

## National Exhibition

Agrovision’s National Agri Expo introduces farmers to technological advancements, like improved harvesting techniques, efficient irrigation systems and modern logistic solutions. The four-day event provides an opportunity for farmers to discover new products and gain insights into relevant policies and schemes.

## Workshops

Every year, Agrovision features an experienced roster of 60+ experts from ICAR Labs, Agri-Universities, Corporates, and successful farmers who join the 25+ workshops; sharing their knowledge, insights and success stories with the 50,000+ farmers attending the workshops.

## Conference

The Agrovision Conference is a one-day event that brings policymakers and industry leaders together to discuss and inspire Agri entrepreneurs about diverse businesses. This year, the conference will explore opportunities in Food Processing in Vidarbha.

## Why Participate in Agrovision Expo?

**Engage with Lakhs of Farmers :** Connect directly with lakhs of farmers from Vidarbha and surrounding regions, unlocking vast opportunities for growth and market penetration.

**Showcase and Elevate Your Brand :** Launch your products and gain a significant competitive edge by showcasing your innovations to a highly targeted audience.
